著者:Anthony Giddens

出版者:W. W. Norton & Company

出版时间:2013-12-12

装帧:Paperback

isbn:9780393922233

Taking a topical approach to the subject and treating conceptual material only as it arises in the discussion, Giddens (London School of Economics, UK), Duneier (City U. of New York and Princeton U., US), and Appelbaum (U. of California at Santa Barbara, US) undergraduate-level introduction to sociology. Twenty chapters discuss the standard concerns of the field, including socialization, groups and organizations, conformity and deviance, class and inequality, ethnicity and race, political power and social movements, education and the mass media, health and illness, urbanization and the environment, and globalization. Among the primary themes cited by the authors as motivating the character of the proceedings are the globalization of social life, the importance of comparative study, the necessity of a historical approach to sociology, issues of gender, and links between macro and micro levels of analysis. 评论

中规中矩，好处是美国核心外较注意跨国和全球比较视野，取消彩印价格便宜，缺陷是遣词造句枯燥含混，四人合作导致行文风格和问题意识很不同，有时同一章都硬凑不搭，有些内容过分细碎地分布在各章又不做连接。性别被劈成两半，一半是gender不平等，另一半sexuality诡异地同公共卫生和疾病放一起（接点是艾滋病问题）。家庭一章里大细超没有引用NFSS等争议研究。全球不平等问题又被劈成两半，全球化章也讲不平等章也讲。种族章拗造型过度，分给亚裔内容极少（于是上课要用周敏等人的文章补足）。文化一章行文混乱。入门、方法、社会化、工作、宗教、政府政治、社会分层不错。
