Elegance is a way of life at Ohtori Academy. For close to one hundred years, the elite boarding school has values tradition and ceremony above almost everything else. Into this academic milieu walks Utena Tenjou, a short-stressed teenaged girl who favors trim-cut boys clothing. Almost immediately, she finds herself embroiled in sword duels, knotty romantic entanglements and a string of shady alliances. There's a cloud of mystery hanging over the campus of Ohtori and everyone Utena meets harbors a dark and twisted secret. A liberal adaptation of the movie by the same name, *The Adolescence of Utena* veers widely from its original source. More direct than the anime and more mature than the original manga series, this version of Chiho Saito's fractured fairy tale blasts Utena straight into the iconic stratosphere. A group of highly creative people founded by director Kunihiro Ikuhara (*Sailor Moon*, *Schell Bullet*) that includes such storied members as master manga artist Chiho Saito (*Kakan No Madonna*, *Lady Masquerade*) and animator Shinya Hasegawa (*Neon Genesis Evangelion*). Their collaboration produced the *Utena* TV series and the movie, *Revolutionary Girl Utena: The Adolescence of Utena*, and recently they have produced a new work called *The World of S and M*.
