Before going out of print in 1997, *The Friendly Snowflake* sold more than 155,000 copies as a children's fable. But the book's message is universal-about love and friendship and families-and inherently suitable for adults, too. That's why we're repackaging it as a gift edition, with four new full-page drawings. Written by best-selling author M. Scott Peck and illustrated by his son Christopher, *The Friendly Snowflake* chronicles the discoveries of the delightful young Jenny in a story that will resonate with everyone who cherishes the important things in life.
