The world's bestselling novelist is back with "Never Enough, " a new novel of fast and loose trading, of stocks as well as sexual partners, following the rise and fall of New York power broker David Shea. When David Shea, a high powered Wall Street investment banker blows off his twenty-fifth high school reunion, he essentially turns his back on his past. David was shielded from a horrific crime he committed in his youth by his father's power and prestige, going on to great success while managing to avoid every bad break. But in a life of big money payoffs, potentially lethal pitfalls, and legal wrangling, fate is bound to get the upper hand at least once.
