Dark Horse is proud to present this collection of Mac Raboy's run on Flash Gordon. Continuing Dark Horse Comics' tradition of fine reprint books, this tome is the first ever collection of Flash Gordon work by Raboy. Beginning his comics career in 1940, after taking government-funded drawing classes, Emanuel 'Mac' Raboy drew comics for the Harry "A" Chesler Studio and for Fawcett Publications. He's perhaps best known for his work on Captain Marvel, Jr. and the Green Lama in the 1940s. In the Spring of 1948 he signed on with King Features to illustrate the 'Flash Gordon' Sunday page, following in the footsteps of his idol, Alex Raymond, and drawing the strip until his death in December of 1967.
