Brenden Vetch has a gift that connects him to the agricultural world, nurturing gardens to flourish and instinctively knowing the healing properties each plant and herb has to offer. Receiving a personal invitation from the wizard Od to become a gardener for her school in the great city of Kelior, he finds a home among every potential wizard who must be trained to serve the Kingdom of Numis. But unknown to the reigning monarchy is the power possessed by the school's new gardener-a power that even Brenden isn't fully aware of, and which is the true reason Od recruited him.
