In a heartbeat, a crowded auditorium or a city street can become a kill zone, where life and death are separated by a split second. For Atticus Kodiak, professional bodyguard, the object is to keep people alive, and there is no margin for error. Now Kodiak faces his toughest challenge: to protect a woman and her daughter from a killer with a fanatic agenda of his own....

Tense, taut, and as brutally real as this morning's headlines, Keeper marks the debut of a talented young writer of tough, unflinching prose—and the beginning of an electrifying new series.

由于哥谭重案组而非常中意的写手Greg Rucka25岁时的处女长篇小说，男主是保镖，题材现实敏感，风格冰冷阴郁，结局消极（人家25岁时写长篇，老子27岁欠了一堆坑QAQ）。不知道是不是直接看原文的关系，感觉比以往看的Hardboiled类型小说都要好看……
