装帧:Pap

isbn:9780553572094

She barely escaped a deranged killer in "Hanging Time", but now Chinese-American police detective April Woo faces even more danger at a prestigious New York psychiatric center where someone is twisting love into something obsessive, sinister and deadly. Together with psychoanalyst Jason Frank, April is out to solve her most complex and disturbing case yet, where one man is tired of waiting for justice to prevail, and where others are--literally--dying for love.
