Putting China into the context of general anthropology offers novel insights into its history, culture and society. Studies in the anthropology of China need to look outwards, to other anthropological areas, while at the same time, anthropologists specialised elsewhere cannot afford to ignore contributions from China. This book introduces a number of key themes and in each case describes how the anthropology and ethnography of China relates to the surrounding theories and issues. The themes chosen include the anthropology of intimacy, of morality, of food and of feasting, as well as the anthropology of civilisation, modernity and the state. The Anthropology of China covers both long historical perspectives and ethnographies of the twenty-first century. For the first time, ethnographic perspectives on China are contextualised in comparison with general anthropological debates. Readers are invited to engage in and rethink China's place within the wider world, making it perfect for professional researchers and teachers of anthropology and Chinese history and society, and for advanced undergraduate and graduate study.

作者介绍:

目录: Introduction

教科书…

费孝通加几个当代三流学者就等于中国人类学?! 近年英美学者出的这些所谓专著, 不仅速度快, 内容粗糙的也不在少数。七拼八凑完成任务不说, 自己面对的课题你难道连起码的常识都没有吗? 学术交流是为了提升自身的学术水准并促进优质资源的互动, 如果连基本的鉴别力都缺乏, 交流还有何意义呢?

框架和脈絡梳理得還算清楚, 只是用的材料稍顯單薄了, 大量的篇幅在介紹所涉及的書和文章, 不過開頭就介紹了是給undergraduate或postgraduate課程的教科書, 那麼這麼寫也還算可以理解吧。

misunderstanding...
