Wonderful sex does more than melt both body and soul; it brings power, energy, and deep satisfaction to all aspects of our lives. In this unique book, women who consider themselves highly sexually responsive talk in intimate detail about what gives them the greatest pleasure. They redefine sex—based on how women really experience sexual pleasure—confirming what every woman knows instinctively, while creating a new language that every woman will understand.

Based on extensive one-on-one interviews conducted by Dr. Ogden with hundreds of women, this thought-provoking, wise, and unprecedented book transforms how we view sex by giving us new ways to think about sexual pleasure.
