isbn:9781593853532

Will police work change the person you love? Are police marriages destined to fail? What are the chances of your loved one being killed in the line of duty? Since its publication nearly a decade ago, *I Love a Cop* has earned high praise from family members and police departments worldwide for providing answers to these and other critical questions. Now, this trusted resource has been revised to address the realities of post-9/11, post-Katrina police work. New topics include coping with separations and long deployments, building resilience, and finding opportunities for growth in the wake of traumatic experiences. The book also provides up-to-date information on organizational stress, alcohol abuse, domestic violence, and special challenges faced by women and minorities on the force. Whether they read it cover to cover or refer to it when problems arise, families will find no-nonsense advice and resources they can depend on.
