出版时间:2016-4-1

装帧:Hardcover

isbn:9780190239022

China's Economy: What Everyone Needs to Know® is a concise introduction to the most astonishing economic growth story of the last three decades. In the 1980s China was an impoverished backwater, struggling to escape the political turmoil and economic mismanagement of the Mao era. Today it is the world's second biggest economy, the largest manufacturing and trading nation, the consumer of half the world's steel and coal, the biggest source of international tourists, and one of the most influential investors in developing countries from southeast Asia to Africa to Latin America.

China's growth has lifted 700 million people out of poverty. It has also created a monumental environmental mess, with smog-blanketed cities and carbon emissions that are a leading cause of climate change. Multinational companies make billions of dollars in profits in China each year, but traders around the world shudder at every gyrations of the country's unruly stock markets. Most surprising of all, its capitalist economy is governed by an authoritarian Communist Party that shows no sign of loosening its grip.

How did China grow so fast for so long? Can it keep growing and still solve its problems of environmental damage, fast-rising debt and rampant corruption? How long can its vibrant economy co-exist with the repressive one-party state? What do China's changes mean for the rest of the world? China's Economy: What Everyone Needs to Know® answers these questions in straightforward language that you don't need to be an economist to understand, but with a wealth of detail drawn from academic research, interviews with dozens of company executives and policy makers, and a quarter-century of personal experience. Whether you're doing business in China, negotiating with its government officials, or a student trying to navigate the complexities of this fascinating and diverse country, this is the one book that will tell you everything you need to know about how China works, where it came from and where it's going.

作者介绍:

Arthur R. Kroeber is founding partner of Gavekal Dragonomics, a China-focused economic research consultancy he established in Beijing in 2002 after 15 years as a freelance financial journalist in Asia, and editor of its flagship publication China Economic Quarterly. He is also head of research at the firm's parent company Gavekal, where he advises financial, corporate and government clients on economic and political developments in China. Kroeber is a senior non-resident fellow of the Brookings-Tsinghua Center for Public Policy, adjunct professor at Columbia University's School of International and Public Affairs, and a member of the National Committee on US-China relations. He lives in Beijing and New York.

从农业、工业、进出口、基础设施、财政、金融、环境等角度，中立全面深入分析了中国的政治和经济在过去30年以及现阶段的发展以及和世界各国的博弈。其中关于中央政府和地方政府之间矛盾的梳理很透彻（恐怕国内出版书籍中也看不到），且和房地产息

息相关。不难看出现阶段汇率、利率、税收、GDP等各种指标的执行以及一系列政策的制定都要考虑对某一项资产价格的影响，显然大家都心知肚明，然而平民百姓无能为力，利益集团掩耳盗铃。

to the point

对经济形势和政策的分析深入浅出。读完这本书，再读政府工作报告，有一种豁然开朗的感觉。

多年在华的外国人以局外人的观点看中国，有广度有深度有条理，确实能够理出中国自改革开放以来的经济发展脉络。语言简洁流畅，忍不住做了很多笔记，收获很多。

分税制用来控制地方。

对理解中国经济非常有帮助

China's Economy 101。作者字里行间洋溢着对Leninist Capitalism的信心（

2019.4.5
历时1个月，终于读完了。第一本靠自己读完的原著，对英语和经济，政治都有了提高。

一本非常简练给中国经济发展下定义的书…

科普读物中最像科学研究的

满分

从改革开放开始梳理了一遍中国经济改革。因为篇幅限制感觉展开的不够，但通读下来还是非常过瘾的。

从农业、工业、城市化、国企改革、央地财政、金融体系、能源环境、人口红利、消费群体等角度全方位阐述中国改革开放的经济史。作者对中国经济多持乐观态度，为汇率操纵、国进民退、窃取知识产权、房产泡沫、债务问题、环境污染等传统受指责的话题做辩护。最后分析中国必须改变动员规模的成长模式，提高固定资本的投资回报效率。

算是梳理很清晰全面了。

客观精准 老外还是真厉害

5- 有机会需要再看看。

跳读，很通识很好读，态度比较客观，观察一针见血。对官方文件的解读能力好强。

读了前半，适合练习英文阅读理解

非常棒，行文流畅，观点不偏不倚，对市场经济和censorship的见解真的让人获益匪浅。

书评

读的联经中译本，本书的英文原著名为《China's economy——What every body needs to know》，虽然副标题有些夸张，但首先此书很少涉及经济学理论，适合没有任何经济学基础的读者阅读；其次，本书主要描述中国改革开放的经济史和分析当前中国经济现状，读来颇有扫盲之感。更重...
