A mysterious asteroid hosts a collection of strange creatures - man-animal hybrids, mythological creatures made flesh, guardian spirits, cursed shadows - and the humans who brought them to life. But this strange society exists in an uneasy truce, in the aftermath of uprisings seeking freedom and acceptance, that have only ended in tragedy. As the ambitious, the desperate and the hopeful inhabitants of the asteroid struggle to decide their shared fate, a force greater than either animal or human seems to be silently watching the conflict, waiting for either side to finally answer the question: what is worthy of being human? EMMA RÍOS (PRETTY DEADLY, ISLAND) and HWEI LIM (LALAGE, HERO) present MIRROR: THE MOUNTAIN, the first arc of a story about the mage-scientists of The Synchronia and the sentient animals of Irzah colony.
