This hilarious comic novel is a wild romp that follows the adventures of Goom, a goofy green creation of an insanely wicked wizard, Pernikous, in the fictional land of Yeedlebeetlebeetle. Including entertaining sketch-like drawings, this story tells of smirky, mischievous Goom, a creature who taunts his maker with sarcasm and gross-out behavior. Hoping to save the residents of Yeedlebeetlebeetle from the taxes and torture of Pernikous, Goom hilariously turns the residents' world upside down in this imaginative tale that's full of slapstick comedy and off-the-wall humor.
