Jessica Drew is a private investigator, a super hero and...a mom-to-be? Since we last saw her, Spider-Woman's got a whole new responsibility -now she's adventuring for two! Ben Urich and Porcupine are still along for the ride -in fact, half the time they won't even let Jess leave the car! How's a gal supposed to save the day when her friends are being all overprotective? Then, Spider-Woman will be in over her head when she gets trapped in an alien hospital. Jess is no stranger to unusual circumstances, but getting held captive by Skrulls in the center of a black hole with a bunch of extraterrestrial moms-to-be might take the cake! Expectations won't be disappointed in the mother of all Spider-stories!
