Come holiday time, there's no better way to celebrate than by baking up some special cookies. In *Christmas Cookies from the Whimsical Bakehouse*, mother-daughter bakers Kaye and Liv Hansen share their most enchanting cookies, from simple to showstoppingly beautiful. These irresistibly pretty cookies are perfect for snacking and gifting, decorating the tree, and, of course, leaving for Santa.

And they are definitely not your grandmother's cookies! With both classic and creative flavor combinations and adorable designs, the Hansens' cookies have been pleasing loyal customers at their cozy upstate New York bakery for years. Now they

bring their customers’ favorite recipes home to you. Kaye handles the baking, imbuing the cookies with the traditional flavors of Christmas, like cinnamon, ginger, and vanilla, but also more modern touches like coconut, chocolate, and pistachio. Her daughter, Liv, provides the artistic flair, using innovative techniques and plenty of colored (yes, colored!) chocolate to yield truly special cookie creations that look as good as they taste.

All of the Hansens’ best cookie creations are here, from simple roll-and-slice cookies to bars and cutouts, including Coconut Dreams, Chocolate Pecan Rounds, and Creamy Christmas Butter Cookies, as well as step-by-step instructions for making truly impressive decorations. Imagine a dazzling 3-D Christmas cookie tree decked with silver dragées, or a breathtaking gingerbread house. From chewy Apricot-Chocolate Triangles to tangy Lemon Drop Cookies, Christmas Cookies from the Whimsical Bakehouse is a fanciful, fabulous take on everyone’s favorite holiday treat.
