A lyrical and arresting novel by acclaimed Icelandic writer Olaf Olafsson about one woman's redemptive journey home.

Disa Jonsdottir has managed an inn for years with her companion, Anthony, in the English countryside. Compelled by the demands of time to revisit the village of her childhood, she departs England for her native Iceland. Along the way memories surface-of the rift between her and her mother, of the fate of her German-Jewish lover, of the trauma she experienced while working as a cook in a wealthy household. Skillfully weaving past and present, Olafsson builds toward an emotional climax that renders *The Journey Home* moving, suspenseful, and unforgettable.

You'll never know what you would come across, like the book here. It's not only a journey back home, but also a journey into mind, heart and memory. The memories won't be erased absolutely, which is the source of inner pain.
