An exciting addition to our popular \$9.95 Cyclopeda series, this compact paperback reference is a veritable almanac of facts on a favorite that's close to everyone's hearts. Portable and comprehensive, it's an engrossing compendium of information in the form of charts, lists, sidebars, poems, famous love letters, and much more. The Book of Love is not a self-help book, but rather a delightful, wide-ranging cultural exploration of passion and desire. From Shakespeare's sonnets to a list of the all-time best slow-dance songs, from romantic film trivia to courtship rituals around the world, this is a charming book with something for everyone.
