"Feels Real" board books for toddlers are filled with vivid color photos of friendly animals and the animals truly feel real. That's because every illustration has a texture patch that matches the pictured animal. These special textures feel like the fur or the skin of animals that little boys and girls like to pet or touch. All the animal photos in both delightful picture books seem to come to life when kids touch them and discover how they feel. "Friendly Pets" shows animals that make favorite pets, including a rabbit, a dog, kittens, and others. Kids can touch the fur of each pictured animal and discover how their textures differ.
