isbn:9780764159534

Each "Find Out About " book introduces boys and girls to a different country, its people, its history, its culture, and its language. The books are divided into four parts: Part One: IntroductionaTakes readers on a journey across the country, pointing out

major cities, places of special interest, and favorite sports and pastimes. Part Two: Everyday LifeaKids attend school and enjoy after-school activities, while the grownups pursue their professions, occupations, and trades. Part Three: History and CultureaReaders learn about a countrys political leaders and cultural figures, and visit distinctive landmarks and monuments. Part Four: The LanguageaReaders learn fundamentals of the countrys native language, including phrases for meeting people, finding their way around cities and towns, counting, telling time, and more. The titles in this series are: " Find Out About China, Find Out About France, Find Out About Italy, " and " Find Out About Spain. " Here are fine supplements for elementary social studies and language classes, as well as books that kids will enjoy having at home to read. Theyare the next-best alternatives to traveling to foreign lands. Color illustrations throughout.
