"The Potty Book" consisting of a aHenry version for little boys, and a aHannah version for little girls has been a very popular seller, as well as a godsend to moms and dads, ever since Barron's first published it a few seasons ago. Now, the humorous potty-training stories of Hannah and Henry are each being reintroduced in an attractive package that includes a matching Hannah or Henry cloth doll, complete with a miniature potty. Parents of little girls will choose this, the aHannah version. Hannah needs to have her diaper changed before she can go out and play. But Mom and Dad have just brought home a big package, and Hannah is anxious to see what's inside. Is it a rocking chair? Or maybe a bed for Teddy bear? No, it's a potty! It's time for Hannah to graduate from her diapers and learn how to use the potty. Toddlers can use the Hannah doll and potty to dramatize the story while Mom or Dad reads it to them.
