Play games and learn fractions Kids can play over seven appetizing fraction-based games with play pizzas. The games help to recognize different fractions, as well as add and subtract fractions. Includes nine 7" (18cm) pizzas cut into 51 fractional pieces (halves, thirds, fourths, fifths, sixths, eighths, tenths, and twelfths), two game spinners, and game directions. A simple pizza recipe is also provided for a fun and easy way to make your own delicious fraction pizza. For two to four players.
