著者:Johnson, Paul Brett 绘

出版者:Scholastic

出版时间:2004-2

装帧:SAL

isbn:9780439373012

The familiar verses of this irresistible song are maintained, but with a few added surprises. Here, it's not just field mice that suffer Little Bunny Foo Foo's mischievous tricks, but woodchucks, foxes, and grizzly bears And as Little Bunny Foo Foo's subjects

grow, so do his scooping methods, from lasso to tractor bucket to crane. All the while, Little Bunny Foo Foo takes his naughtiness to hyperbolic heights as the Good Fairy--riotously rendered as a possum--points out the error of his wayward ways. Painted in a warm, folksy style with vibrant colors, Johnson strikes just the right balance between the joys of being bad and a tongue-in-cheek lesson in behavioral reform.
