Babies love board books and babies love nursery rhymes! The rhymes most appropriate for babies were culled from The Arnold Lobel Book of Mother Goose , considered by many to be the most beautiful Mother Goose book ever published. Here the Caldecott Medal winner' s sprightly illustrations present parent and child

participatory rhymes such as “Pat-a-Cake” and other favorites on 20 thick, safe board pages. Language development is enhanced with nursery rhymes and here are the ones that every baby deserves to know!
