"The trick to the whole thing,"

Duke said, "is to pick your

own road in life." Growing up is tough ... really tough. But what if you had a handbook that told you how to figure things out? How to stay out of trouble? At Duke's Place, Jimmy and Kevin find out that the handbook doesn't need to be written down. It can be as easy as listening to Duke and the old guys talking about their lives. But how can Duke understand what it is to be young now?
