In this story told without words, a free-spirited little boy comes dancing through a small town wearing nothing but a smile. Like a miniature Pied Piper he entices the children, one-by-one, to slip unnoticed from the world of adults, shed their clothes and dance with him until they reach the edge of town and can follow him no longer. Ron Himler's gentle and lovingly-rendered water colors have a timeless quality that captures the innocence and exuberance of childhood. Young children, will relate to the spontaneous glee of the Dancing Boy, and at the same time be reminded that joy can co-exist with boundaries.
