isbn:9781582461397

Join Cow as the brave bovine searches for a way home, writes an autobiography, and shuns celebrity. Throughout this hilarious tale, readers will get a giggle out of Cow's mixed-up vocabulary as Cow meets "cats" that honk, "pigs" that baa, and a herd of scary "frogs" that look very familiar. Straightforward language and on-location photography transform a lovable squish toy into a larger-than-life personality. Spot squish on cover gives readers a touch of Cow. Simple wordplay will delight young audiences. Charming gift for cow collectors. More adventures of Cow to come.
