Johnny lives in a town where everyone has a glowing green stone. Johnny has one too - until his mean-spirited behavior causes him to lose it. Accompanied by his family and the whole community, Johnny begins his search, but soon discovers that he alone can find the green stone - when he finds the love that glows bright within his heart. In this, her second collaboration with Catherine Deeter, Alice Walker teaches us that our love

for family and friends brings us the most powerful peace and happiness of all.
