Kinfolk Issue Twenty-One: Within the pages of the fall edition of Kinfolk, the home becomes more than the sum of its walls and floors, chairs and wallpaper—more than a collection of objects. We delve deeply into the very nature of home, exploring what’s hidden, unseen, mysterious and sensual asking, “What have we forgotten, or

overlooked, in the rituals of our daily lives?” In turn, the home and everything it contains are not merely ends in themselves, but the complex elements of each person’s evolving and deeply personal narrative—the foundations of a well-lived life.

从18开始停止连续购买，21又随手买了一本。内容有点失望，主题是Home，但好几处大选题都要么不呼应、要么晦涩偏门。

看了中文版

能体会到文章在通过不同的角度讲一个主题，但还是觉得有些散，如果不是编辑送的，这么贵可能不会买吧
