Judith Lloyd Yero's thought-provoking text, coupled with carefully selected images from the past and present, challenge young readers to carefully examine and understand the Constitution's first ten Amendments, which guarantee their basic

human rights. In addition to defining these rights, Yero puts them into the context of present-day life so that kids will recognize that the Bill of Rights is as important to their daily lives as it was to the lives of the first citizens of the newly independent United States.

Included in the back matter are the full text of the Bill of Rights, the Declaration of Rights of the Stamp Act Congress, the Virginia Declaration of Rights, and the Miranda Rights.
