Is the tooth fairy real? Just ask Fluffy! When Wade loses his tooth, Fluffy (who finds the tooth in his cage) embarks on a nighttime adventure to put the tooth under Wade's pillow. Along the way, he climbs a precarious tower and braves a big cat named Brutus. Exhausted, Fluffy curls up on Wade's pillow to sleep. Just as he's closing his eyes, he sees twinkling lights. Could it be the tooth fairy? The next morning, Fluffy's back in his cage with a present of his own. Mission accomplished!
