Authors Rena Palloff and Keith Pratt have written a comprehensive reference for faculty to use to hone their skills as online instructors and for students to use to become more effective online learners. Filled with numerous examples from actual online courses

and insights from teachers and students, Lessons from the Cyberspace Classroom covers the entire online teaching process. This essential guide offers helpful suggestions for dealing with such critical issues as evaluating effective courseware, working with online classroom dynamics, addressing the needs of the online student, making the transition to online teaching, and promoting the development of the learning community.
