在线阅读本书

Small Bungalows is a compact guide to getting started on building a new Arts and Crafts home that fits today's modern lifestyle-all under 1,800 square feet. Author Christian Gladu shares valuable information on choosing a plot of land, following green building principles, staying true to the principles of Arts and Crafts style, plus incorporating modern necessities into this classic home style. Also included are photographs, illustrations, and home plans to get you started, plus a comprehensive

resource section that makes it easy to gather the right information.
