Those dollar bills really will go places when they're turned into these super paper airplanes. Select from 13 different models, all created from a variety of easy folds and a buck. (There's no cutting, drawing, or taping involved, so the currency isn't defaced or destroyed.) Duy Nguyen, author of more than a dozen origami books featuring every motif from creepy-crawly critters to holiday designs, presents a hangar full of cool aircrafts, accompanied by fun money facts. Just follow his simple, well-illustrated instructions to assemble a Boeing 747, F14A Tomcat, B-52 Stratofortress, Battlestar Gallactica Raider, Concorde, and others. It's the best way to "throw away" that wealth!
