Quilting and friendship go hand in hand and planning makes the perfect quilting party. Jill Reber gathers a decade of experience quilting with friends in guilds, small groups,

retreats, and bees to share their most successful ideas, guidelines--"and trading times. Part 1 Trading Pieces describes types of exchanges from fabric exchanges, block swaps, block parties, row quilts and more, and provides project examples for inspiration. Part 2 Piecing Times, Piecing Occasions shows and talks about charity quilts, the best of fund quilt retreats, and special occasion quilts for celebrating, cheering and commemorating. Part 3 Blocks to Share provides more than 48 block patterns to use when quilting with friends.
