While Little Skink hunts yummy ants for breakfast, she is suddenly attacked by a crow. But she has a trick to escape, she snaps off her tail, and it keeps on wiggling. Little Skink is happy to be alive, but she misses her bright blue tail. Readers will enjoy pretending with her, trying on tail after tail. The first is too puffy-fluffy, and another too stinky. Then one day Little Skink gets a big surprise and she doesn't have to dream of tails anymore.

The "For Creative Minds" section has information on tail adaptations and communications and a mix-and-match tail activity. All Sylvan Dell titles feature free educational resources at www.SylvanDellPublishing.com, including the "For Creative Minds" sections and additional teaching activities. The "For Creative Minds" section features the following activities: Adaptations: Why do animals have tails? Tail Matching Activity for Skink rabbit squirrel deer skunk porcupine owl Mix-n-Match Tail Activity.
