Cross The Little Red Hen with a burro and his friends and you get a humorous Southwestern retelling of a childhood favorite, Burro finds it hard to get any help from his friends as he diligently works to turn corn into tortillas. Young children will love the repetition; older children will enjoy the book's many puns. In addition to its Southwestern "flavor," the delightful story imparts an accurate picture of the traditional way that tortillas are made. A Spanish/English matching activity and a

simple recipe for making tortillas are included in the "For Creative Minds" section.
