装帧:Pap

isbn:9780072259551

This cutting-edge volume takes network security professionals to the next level in protecting their networks and web sites. Never-before-published advanced security techniques and step-by-step instructions explain how to defend against devastating

vulnerabilities in systems and underlying network infrastructure. Some of these advanced methodologies include advanced attack and defense vectors, advanced attack profiling, and the theatre of war concept. In addition, readers will learn how to architect and prepare their network from threats that don't yet exist.
