

# Digital Photo Editing for Seniors

[Digital Photo Editing for Seniors 下载链接1](#)

著者:Stuur, Addo

出版者:Independent Pub Group

出版时间:2005-6

装帧:Pap

isbn:9789059050648

Written specifically to acquaint seniors with the many features of digital photo editing,

this handbook also includes instructions on using scanners, printers, and photo CDs. Subjects such as scanning old photos and slides and repairing damaged photos are covered in detail. Photo retouching and cloning, working with special effects such as selections and layers, and everything related to paper and printers is also explained. The accompanying CD-ROM contains the full version of the digital photo-editing program ArcSoft PhotoStudio 5.
