著者:Y.H. Teddy Sim (ed.)

出版者:Springer

出版时间:2017-7-8

装帧:Hardcover

isbn:9789811041624

This edited volume explores the larger maritime and security environment during and beyond the time of Chinese military general Qi Jiguang's enterprise. While serving as a historiography and biography of Qi Jiguang, the book also elaborates on the doctrinal applications of his ideas. Essays in this volume contribute to the field of China studies in light of the increased frequency of news relating to the maritime and military affairs in the region in the post-2000 period. It provides a specialist perspective to the uneven study of Qi Jiguang and maritime/military studies, while also satisfying the desire of the layman to understand the current political security situation in East Asia in the context of the longer term historical developments.

## 作者介绍:

Teddy Sim is currently lecturing at the Institute of Education in Nanyang Technological University in Singapore. He has published on specific involvements of the Portuguese in the East / Far East in the 18th century and 19th centuries. He is the author of Portuguese Enterprise in the East: Survival in the Years 1707-57 and editor of Piracy and surreptitious activities in the Malay Archipelago and adjacent seas 1600-1840. On the sea space and network extending from Macau and the southern coastal provinces of China, Teddy is also interested in the issues involving security and activities of Macanese and diaspora Chinese transpiring in the region.
