Tongue-Tied is an anthology that gives voice to millions of people who, on a daily basis, are denied the opportunity to speak in their own language. First-person accounts by Amy Tan, Sherman Alexie, bell hooks, Richard Rodriguez, Maxine Hong Kingston, and many other authors open windows into the lives of linguistic minority students and their experience in coping in school and beyond. Selections from these writers are presented along with accessible, abridged scholarly articles that assess the impact of language policies on the experiences and life opportunities of minority-language students. Vivid and unforgettable, the readings in Tongue-Tied are ideal for teaching and learning about American education and for spurring informed debate about the many factors that affect students and their lives.
