This unique book for young people combines Shakespeare's ringing poetry with full-page illustrations in full color throughout. Arranged in accordance with the seven stages of life, the book introduces the poetry for its own sake, without trying it to the complex story lines. It ranges from the elves and fairies of A Midsummer Night's Dream to the youthful heroism of Henry V and on through the involvements of middle age and the sadness and consolations of old age. The introduction is by A.L. Rouse, and there is a glossary.
