Sleator, a recognized master of sci-fi and horror and a favorite of reluctant readers, is a paperback powerhouse, with more than 600,000 copies of his novels sold in softcover. Here he gives fans a spin on the classic zombie story, following sixteen-year-old Ken as he bargains with a psychic to gain immortality, only to awaken one night with blood-spattered clothes and the realization that he's sold more than his soul. AUTHOR BIO: For more than thirty years, William Sleator has thrilled readers with his inventive books. His *House of Stairs* was named one of the best novels of the twentieth century by the Young Adult Library Services Association. He divides his time between homes in Boston and rural Thailand.
