At noon, they saw a hairy black spider at the side of the road. The little hen pulled in the reins. "Halt Stop " she called. The wagon stopped beside the spider. The rooster has been kidnapped by the fox. What is the little hen to do? Go to the shed and build a paper wagon, that's what. With two Herculean mice in place of horses, the little hen heads for the fox's house deep in the forest. On the way, she is joined by a cat, a brick, a needle and a hairy spider, all desperate for a ride. Will they be able to complete the rescue? martha attema has been collecting Friesian folktales for years. She fell in love with the absurd tale of the little hen and the rooster and couldn't resist sharing it.
