Nancy Alden, jewellery designer and cofounder of the famed Beadworks bead stores, shows you the secrets to making gold and silver jewellery worthy of Tiffany or Bergdorf Goodman - but with a personal touch and at a fraction of the jewellery store's price.

For beginners as well as more experienced jewellery-makers, "Simply Silver, Simply Gold" walks you through 50 projects for making gold and silver necklaces, bracelets, earrings and more with silver and gold beads, crystals and gems. Once you have mastered the easy-to-learn skills, you'll find yourself returning to "Simply Silver, Simply Gold" again and again for techniques, ideas and inspiration. A companion to "Simply Pearls", this book offers the same easy-to-understand instructions for designing uniquely beautiful jewellery.
