isbn:9788931433715

3ds Max remains the world's most popular animation software. The hand-on, practical exercises presented in this book will allow new users to quickly master the basics and move on to creating their own creative animated projects. More than 30 exercises will guide readers to understanding the 3ds command system, 3d concepts, modeling,

materials, lighting, cameras and rendering. All illustrated in full-color in an easy-to-follow tutorial.
