This book does precisely what it says on the tin. Did you realise that properly structured homework can add the equivalent of one year to a student's full-time education? This invaluable guide provides teachers with a wide range of practical techniques that can be used to motivate pupils of all ages to do their homework. Julian Stern equips teachers with a variety of strategies for setting more effective, interesting and differentiated homework. He offers dozens of examples of homework tasks covering every subject in the National Curriculum. Brimming with innovative ideas, this book will prove essential reading for every teacher and trainee teacher.
