isbn:9781561584222

These beautiful chests of drawers in a wide range of historic furniture styles have been designed by leading international cabinetmakers - but you can make them in your own workshop. Although the finished pieces seem complex and daunting, they are actually not difficult to build, especially with the clear instructions that veteran woodworking teacher Bill Hylton provides. - Chest-building basics - Drawer-building basics - Dutch

chest - Modern chest - - Bow-front chest - Double dresser - Tall chest - Queen Anne chest on frame -
