Adobe PDF is the emerging workflow standard in the publishing, financial services, regulated and government industries, but learning all that Adobe Acrobat is capable of can take more time than most employees in these industries can spare. That's where Adobe Acrobat in a Snap comes in. The author will walk you through more than 80

short tasks that are designed to teach you what you need to know and let you get back to work and apply your new skills. You'll cover everything from the basic concepts of creating and editing PDFs to the more advanced concepts such as Acrobat Distiller and third party plug-ins in this clear and concise tutorial.
