isbn:9781593851347

With many thousands of satisfied users, this popular software is now in a new version. FormatEase streamlines the task of formatting academic and professional writing in accordance with the American Psychological Association (APA) style manual, 5th

edition. Easy to learn, the software quickly and accurately creates reference entries and citations and adds them to your Microsoft Word document - just select the reference type needed and fill in the user-friendly dialog box. Ideal for term papers, theses, dissertations, articles, and more! Save even more time with Version 4.0! New Features: Users can enter information on a source one time and create multiple reference entries and citations, with minimal retyping. Plus, users can copy a reference from one document to another- or create a central reference list and draw on it again and again! The reference entry function works in any Word document or template, so users can create their own report formats or use the one required by their school.
